

Breathable VentiCool™ Technology headgear designed to allow heat and moisture to dissipate.

Dynamic support technology designed to keep the seal in place during the night.

RollFit™ XT seal dynamically adapts to minimize leaks and pressure on the bridge of the nose.

 **VisiBlue**

Ease-of-use features:

- **Adjustable** headgear and clips
- **Removable** forehead clip
- **VisiBlue™ color cues**

**Full Face Mask**

Might be right for you if you

Are a mouth breather

Experience chronic nasal obstruction or congestion

Might not be right for you if you

Feel claustrophobic

## Fitting guide

### Step 1.

Hold the front of the mask with one hand and the headgear with the other. Ensure that one headgear clip is unhooked from the frame.

### Step 2.

Place the seal onto your face and guide the headgear over your head.

### Step 3.

Hook the unattached headgear clip onto the frame.

### Step 4.

Gently tighten the headgear straps of the headgear starting with the bottom straps, followed by loosely fitting the blue forehead straps.

Headgear – incorporating VisiBlue™ – can be stretched directly over the head for an easy fit, and then adjusted as required.

Headgear is made of a durable, soft fabric, designed for comfort.

Soft silicone cushion, featuring RollFit™ Technology, automatically adjusts to the bridge of the nose.

Removable, washable diffuser to muffle the noise and reduce draft.

**VisiBlue**

F&P Healthcare's latest masks include VisiBlue – blue color cues that help you more easily fit, disassemble, assemble and orient the mask.

**Nasal Mask**

Might be right for you if you

Don't want something in your nose

Need a mask that is easy to seal and fit

Might not be right for you if you

Are a mouth breather

## Fitting guide

### Step 1.

Hold open the bottom straps of the headgear with the mask frame facing downwards.

### Step 2.

Guide the headgear over your head so that the silicone seal is resting on your forehead.

### Step 3.

Place your hands on the bottom straps on either side of the mask frame and pull out and downwards. Ensure the silicone seal rests over your nose and the blue top strap is sitting on your forehead.

### Step 4.

Gently tighten the headgear straps of the mask headgear starting with the blue forehead straps followed by the bottom straps.

**VisiBlue**

F&P Healthcare's latest masks include VisiBlue™ - blue color cues that help you more easily fit, disassemble, assemble and orient the mask.

Headgear is made of a soft fabric, **designed for comfort.**

Adjustable headgear which **helps keep the headgear in place** as you move.

Soft silicone cushion inflates like a pillow of air **for comfort.**

Removable, washable diffuser to muffle the **noise** and **reduce** draft.

**Nasal Pillows Mask**

Feel claustrophobic

Want a clear line of sight

Want a smaller mask

Have very sensitive nostrils

Are a mouth breather

Might be right for you if you

Might not be right for you if you

## Fitting guide

### Step 1.

Hold the silicone seal away from your nose and use your fingers to carefully spread open the soft side supports of the silicone seal and then guide the two openings into your nostrils.

### Step 2.

Hold the mask frame in position with one hand and pull the headgear over your head with the other hand, positioning the straps above the ears as per the fitting image above.

### Step 3.

Gently tighten or loosen the headgear straps on the sides of the headgear until you achieve a comfortable seal.
